Students Against Destructive Decisions

Remember, your life is worth more than a text, so drive safe and pay attention on the road.

S.A.D.D. was founded in 1981 as Students Against Driving Drunk. Our mission, simply stated, is to provide students with the best prevention and intervention tools possible to deal with the issues of underage drinking, other drug use, impaired driving, and other destructive decisions. Remember too, cyberbullying is still bullying. Be kind, sincere, positive and make all of your decisions smart.
